

Message from Pastor Chuck

We are so excited that you have come to see the children's section of this website. Our hope is that you will find many resources that will help you as a parent to lead your child in the way to live a life for Jesus! Jesus is the reason we exist and we want everything that we do to lift Him up. We want to show all children that God has better plans than this world has for them. Each child is a star in God's eyes.

Some of the values we represent at NCC Kids include:

- We are a child targeted ministry.
- We present lessons in a relevant way to kids' lives.
- We teach the Bible creatively.
- We shepherd the children with love and care.
- We keep children safe spiritually, emotionally and physically.
- We have fun!!

Our Goals are to:

- Help children understand God's will and purpose for their lives, according to His word.
- Help the children learn to apply the truths of God's Word, so they will love God with all their spirit, soul and body; and love their neighbors as themselves.
- Help the children be little stars that shine in the darkness of their universe.

Establish God's word as the final authority for the children, during our care and beyond.
